

## **AN INVITATION TO BECOME A TRUSTEE OF CITIZENS ADVICE GOSPORT**

If you want to make a positive impact for people in Gosport you can help by ensuring the local Citizens Advice is sustainable and meeting the needs of the community. Citizens Advice Gosport is seeking additional trustees to join the board.

We are a charity that supports residents of Gosport by providing free, confidential and impartial advice through a team of paid and highly trained volunteer staff. On average we help over 3,700 people each year and last year obtained £3.1m on behalf of clients.

The trustee board, working with and supporting the Chief Officer, sets strategy, develops the Business Plan and monitors performance. We are looking to recruit trustees with experience of managing, whether in business, the public sector or in a charity.

Roles can be tailored to suit your interests. At the moment we would particular like to hear from people with experience of human resource, public relations, finance, marketing and making grant applications. As part of our succession planning we are also currently looking for people to become Vice-Chair and Treasurer

The trustee board meets monthly in the early evening – once per quarter in person and online in the other two months. Depending on your role and interests there may also be subcommittee or project meetings which are arranged at times to suit the attendees.

Appropriate training will be provided tailored to the needs of each individual. Come and join us and make a positive impact.

Equity, diversity and inclusion are core to everything we do and we welcome applications from people from all backgrounds.

If you feel you can give your time and experience as a trustee to this highly regarded charity please telephone Georgina on 02392 604605 or email [training@gosport.cabnet.org.uk](mailto:training@gosport.cabnet.org.uk) to arrange an informal discussion with our Chair of Trustees.

Address: Martin Snape House, 96 Pavilion Way, St George Barracks.
