CANCER SUPPORT**

Do you need help with the cost of cancer?

It may not be the first of your worries, but cancer can be tough on your finances. You may earn less if you need to stop working or reduce your hours. You may spend more on everyday costs like heating and travelling to hospital. But with our support and guidance no one has to face the financial impact of cancer alone. You can deal with your money worries early, so you can get back to the things that matter most.

What can we help with?

The Macmillan benefits advice service at Hampshire Citizens Advice is a team of dedicated advisers for people affected by cancer who are living in or being treated in Hampshire or the Isle of Wight.

“Gave me confidence to accept I had cancer and sort out my money with me. I know there is someone I can talk to with questions who cares. I was given a grant for some glasses so now I can read and do my cross-stitch which has made me very happy.”

We offer free, impartial and confidential information and advice on a range of issues including:

- help with welfare benefit applications and appeals
- help with money matters including debts, pensions, insurance, and fuel schemes
- employment advice for employees and employers
